Per 100 Bulbs 25 Bulbs will be supplied at the 100 rate.

TO OUR CUSTOMERS

Southern Oregon Grown Bulbs are admittedly the finest that can be grown.

All our bulbs are grown from Number 5 and 6 planting stock and Bulblets, assuring our customers of plump, young, vigorous bulbs.

We plant on new land each year, land that has not been grown on before. This helps keep our stock true to name and free of disease. Our modern storage warehouse cures the bulbs, JUST RIGHT, with forced heated air circulation. All bulbs must be fumigated with Methyl Bromide, before going into main storage. Methyl Bromide fumigation assures our customers of Thrip Free Bulbs as Methyl Bromide kills the eggs as well as the live thrip.

Bulbs are packed in a unique, specially designed "Glad Shipper" made from selected wood that is positive assurance of top condition delivery.

We consider a customer our most valuable asset and our entire operation rests upon how well we please our customers. We cordially invite you to be a customer of John Bastian, Bulbs.
